

Description of Talk

April is National Poetry Month and to illustrate that poetry brings much to all audiences, poets from the Poetry Caravan of Westchester will present poems, both their own and from other published poets that will be focused on themes and ideas that are of particular interest to men of all ages. Since April is also National Humor Month, we can expect some humorous poems. Old Guard members are encouraged to offer some of their favorites and perhaps some things that they have written as well.

About The Presenters:

The Poetry Caravan was founded in 1990 with the purpose of bringing poetry to venues in the Westchester area that do not have easy access to poetry such as assisted living facilities, nursing homes, hospitals, rehabilitation centers, etc.
